

## Earn \$100 cash in 7 days?

It's simple, pass this page around, sell a bunch of products and you could earn \$100 cash.

When someone orders from you, write down their name in the table below, once for every \$20 spent. (For example, if Jane Smith buys for \$44.00 (always before taxes) you write her name on two lines and Shirley Brown buys for \$63.00 you write her name on 3 lines). Once you have filled in all 20 lines (the value will be a tad over \$400.00 retail), I will give you \$100 cash. What a deal!!

Let's get started and start selling. Have fun and keep a big warm smile on that beautiful face of yours!
